Tribute Wall

Javier Romar Gonzalez

FEB 17, 2007 - MAR 1, 2022

Armando Gomez shared a photo to the **Tribute Wall** album.

Javi was the type of person who would always cheer you up when he saw that you were down. Every time Javi saw me sad he would always ask me if I wanted to talk about what was going on with me and every single time that we would talk at the school benches he would listen to every single word that I would say. Javi was really the only one that I really opened up too because he was the only person who would actually listen to me and also because he was my family. One special memory of me and Javi was when I accidentally stepped on a dead bee and the stinger hooked onto my foot and guess who comes and try's to help me take it off, Javi was the only brave one to actually touch the stinger and get it out of my foot. Javi will always be a little brother to me because he has and always will have a special place in my heart. I love and miss you so much Javi. Rest In Peace my little angel 🍀🕊️
