Darn I just found out about Big Dan's passing. We went to Culver City High School together. We played baseball together on the Culver Jr. High freshman team. He was one of the nicest guys you could ever be around. I just told some other friends and they all had nothing but good things to say about Daniel. I don't know how we all didn't hear about this before. The circumstance is really messed up. My condolences go out to his family. He was really good guy. His classmates really liked him a lot. I can't believe your gone, I wish this was all a bad dream, and I'll wake up and everything will be normal. We'll talk about your millions of projects you had to work on, or laugh about the randomness goofy things only you and I would understand. I'll miss everything about you. Thank you, for all the special memories we shared together, throughout the years. I'll forever cherish each and everyone of them. Heaven gained a good man and a great Architect! I love you Dan, and I'll forever hold you close in my heart. Until we meet again, Rest in paradise, my hun. 🥹❤️🙏🙏
